

PyLadies at PyCon DE & PyData Berlin 2024

MAR 12, 2024 BY ORGANIZERS & PYLADIES

Because diversity isn't supplementary, it's foundational.

The PyLadies segment at this year's PyCon DE & PyData Berlin conference is a collaboration with the [PySV \(Python Software Verband e.V.\)](#) to foment diversity, inclusion, and belonging within the tech community. PyLadies is a global volunteer organization dedicated to supporting underestimated and underrepresented genders in tech, including women, non-binary, and trans people, encouraging their active participation and leadership within the Python open-source ecosystem. We aim to offer a safe, welcoming environment for all skill levels to learn, share, grow, and become today's and tomorrow's leaders.

This is a collective organization from [PyLadies Germany](#) chapters: [Berlin](#), [Hamburg](#), [Munich](#), [Südwest \(Manheim, Heidelberg, Heilbronn, Stuttgart, and Karlsruhe\)](#) with PySV.

Collaborative Events at PyCon DE & PyData Berlin 2024

Humble Data Workshop

Sunday, April 21, 10:30 - 15:30

Tailored for complete beginners, this workshop introduces the basics of programming in Python, focusing on essential libraries and tools such as Jupyter notebooks, pandas, and Matplotlib. Humble Data fosters inclusivity and creates a safe, supportive community for those venturing into Python and Data Science.

FREE REGISTRATION (UNTIL MARCH 29TH)

Welcome Guided Tour

Sunday, April 21, 17:00 - 19:00

As a welcoming gesture, we invite conference participants, especially those new to the city, to visit some classic landmarks beginning with a visit to the Bundestag Dome. Here, you'll be treated to an audio-guided tour (available in a wide range of language options) offering insights into the city's rich history and significant landmarks from a top view of the city. This tour is a unique opportunity to connect with fellow attendees and immerse yourself in Berlin's heritage.

PyLadies Panel

Wednesday, April 24, 14:00

This event provides a platform to engage with a broader audience on critical issues related to gender disparities, ethics, and the ongoing importance of women-focused tech groups. By adopting unconventional formats, the PyLadies Panel aims to foster meaningful discussions among PyLadies members and allies, encouraging open dialogue and community solidarity.

Lightning Talks at the PyLadies Booth

Open space during the conference time

This year, our booth adopts a cozy format, offering a serene space for those seeking a break, wishing to delve into more profound, more nuanced discussions, or eager to share their ideas in a lightning-talk format. It's a perfect spot for attendees looking for inspiration, connection, or simply a moment of respite.

PyLadies Lunch

Tuesday, April 23, 12:10 - 13:10, near PyLadies booth (level C)

Join us for a traditional lunch on Tuesday! This is a nice opportunity to foster connection with like-minded women in the tech industry, exchange ideas, and build lasting relationships.

Please pick up a wristband for the event at PyLadies booth.

We can't wait to see you there!
